

Career Objective

Computer Engineering student with a strong foundation in full-stack development seeking a Software Development Internship to apply problem-solving skills and contribute to impactful projects.

Experience:

• **Software Developer Intern,**

• **TSS Consultancy Services, Rajkot**

Jan 2025 — May 2025

- Completed a 4-month on-site internship at TSS Consultancy Services.
- Developed and maintained dynamic web application using **Angular** for the frontend.
- Build and optimized backend APIs in **C#(.NET)** for business logic and data processing.
- Designed and managed a **PostgreSQL** database for efficient data storage fast retrieval.
- Implemented **RESTful** APIs to ensure seamless communication between frontend and backend system.
- Used logging and debugging tools to identify and resolve critical issues, improving overall system stability.
- Learned and applied SQL for handling data-related operation and gained practical understanding of Object-Oriented Programming (OOPS) concepts.

Projects

1. **E-commerce-mern:**

Tech: MongoDB, Express.js, React.js, JWT, Tailwind CSS,

 | [Live](#)

- Developed a full-stack E-commerce web application using the mern-stack with secure user authentication.
- User registration and secure login using JWT, Role-based authentication (Admin/User).
- Product CRUD operations.

2. **Book Store:** Personal Project:

 | [Live](#)

Tech: React.js, Tailwind CSS,

- Developed an interactive user interface for browsing.
- Designed and built the frontend using react.js and Tailwind CSS, ensuring a responsive layout.
- Implemented features like dark mode toggle, search functionality enhance user experience.

3. **Weather_App:** Personal Project

 | [Live](#)

- Integrated OpenWeatherMap API to display real-time weather data like temperature, wind speed, and 7-day forecast.
- Improved user Experience with a modern card layout, custom icons, and clean.
- Added a city search bar with dynamic updates, showing location.

EDUCATION

Bachelor of Engineering in Computer Science | Marwadi University

Rajkot, Gujarat, 2026

- Data Structures and Algorithm, Operating System, Object Oriented Programming, DBMS, Computer Network, Linear Algebra, Calculus, Cloud Computing

Achievements & Certifications

- Solved 300+ questions on [Leetcode](#) and [GFG](#), Hackerrank
- AWS Academy Graduate - [AWS](#) Academy Data Engineering
- Machine Learning for Data Science Project by [IBM](#)
- NDG Linux Essentials by [CCNA](#)

SKILLS

- **Programming Language & Framework:** C++, MERN Stack (MongoDB, React.js, Express.js, Node.js), JavaScript,
- **Software/Tools:** Vercel, Netlify, Android Studio, GIT, GitHub, RESTful APIs, JWT Authentication, Tailwind CSS,
- **Soft Skills:** Problem Solving, Leadership, Event Management, Team Work
