

Shiva

Software Tester

Ph: +91 8802767620 | shivxchaudhary01@gmail.com | linkedin.com/in/shiva-chaudhary | Noida, Uttar Pradesh, India

SUMMARY

Detail-oriented BCA student with hands-on experience in manual testing, web & mobile application testing, and data validation. Strong understanding of test case design, defect reporting, and test execution with practical exposure to Agile methodologies and cross-functional collaboration. Experienced in testing functional, integration, and regression scenarios, identifying bugs, documenting defects, and verifying fixes to ensure high-quality software delivery. Skilled in analyzing system behavior, improving usability, and ensuring performance readiness.

KEY SKILLS

Software Testing: Manual Testing (Web & Mobile Applications), Test Case Design & Execution, Test Plan Preparation, Functional, Integration & Regression Testing, Bug Identification & Defect Reporting, Retesting & Regression Verification
Tools & Technologies: JIRA (Bug Tracking & Reporting), SQL, MS Excel (Test Data & Reporting),
Technical Skills: Basic Node.js & React, API Testing, HTML, CSS, Basic Python
Testing Techniques: Black Box Testing, Boundary Value Analysis (Basic), Equivalence Partitioning (Basic)
Other Skills: Analytical Thinking, Problem-Solving, Strong Communication, Cross-Functional Collaboration

EXPERIENCE / INTERNSHIP

Quality Analyst Intern (Manual Testing)

Feb 2026 – Present

Webconvoy Pvt.

Noida, Uttar Pradesh, India

- Performed comprehensive manual testing on fintech web-based dashboards ensuring compliance with business and technical specifications.
- Authored detailed Test Plans and designed structured test cases based on functional requirements and user stories
- Executed functional, integration, regression, and release testing cycles across multiple sprints
- Designed and executed manual test cases for web-based applications.
- Identified, documented, and tracked defects in JIRA with detailed reproduction steps and severity classification
- Validated backend data using MySQL queries in phpMyAdmin to ensure data accuracy and integrity.
- Maintained controlled test environments for different user workflows and validation scenarios

PROJECTS

Voceiaa E-commerce Website Testing (End-to-End QA)

(Self Project)

- Performed **end-to-end testing** of an organic skincare e-commerce website across web and mobile.
- Executed **functional, integration, regression, and retesting cycles** to ensure system stability.
- Verified **price updates, login functionality, and user flows** (cart, add to cart, buy now, wishlist, profile, payment).
- Validated that all **buttons and navigation links redirect to correct pages**.
- Identified and reported **UI/UX issues** (spacing, margins, alignment) for improved usability.
- Ensured all **images and content display correctly** on both desktop and mobile devices.
- Tested **admin panel modules** including products, categories, staff, inventory, banners, FAQs, privacy policy, and terms & conditions

Superior Digital Website Testing (Apple Business Partner Site)

- Conducted **comprehensive website testing** to ensure functionality, usability, and content accuracy.
- Performed **form validation testing** using valid, invalid, and empty inputs and verified proper validation messages.
- Checked that all **products are correctly listed and displayed**.
- Verified **navigation buttons and internal page links** for correct functionality and placement.
- Identified and ensured removal of **duplicate images and content inconsistencies**.
- Tested **dropdowns, modules, and sub-pages** for proper behavior and usability.
- Executed **cross-browser and cross-device testing** (mobile & desktop).
- Validated that all **content matches business requirements** and is displayed correctly across devices.

EDUCATION

Bachelor of Computer Applications (BCA)

Amity University, Noida

September 2023 – March 2026

Noida, Uttar Pradesh, India
