EDUCATIONAL QUALIFICATIONS

Bachelor of Computer Applications | 2023

- Bachelor of Computer Application (Swami Vivekanand Subharti University Meerut, Uttar Pradesh 250005)
- C.G.P.A 7.5
- Build a system to manage student records, including personal details, grades, and attendance. This project enhances skills in data handling and reporting.
- Develop a system where teachers can input student marks and calculate final grades based on predefined criteria.

Intermediate | 2019

- Completed Senior Secondary (Shivalik Public School Bichpuri Rd, Bodla, Manghatai, Agra, Uttar Pradesh 283105)

High School | 2016

- Completed Secondary (Smt. Sridevi Awasiya Vidhyapeeth : Best CBSE School in Vamanpura, Kiraoli, Agra)

AWARDS AND CERTIFICATION

Flutter development Course by WsCube-Tech | 2024 - 2025

Familiar with Flutter and Dart for building cross-platform mobile applications. Completed small projects using widgets, layouts, and navigation. Basic understanding of state management and REST API integration. Proficient in developing cross-platform mobile apps using Flutter and Dart. Experience with widget-based UI design, Firebase integration, REST APIs, and popular state management solutions like Provider, Cubit or Bloc. Skilled in building responsive, user-friendly UIs for Android and iOS.

Completed C++ by SOFTECHNO INSTITUTE | 2023 - 2024

Basic knowledge of C++ programming, including syntax, functions, control structures, and object-oriented concepts. Familiar with developing small console applications and working with arrays, loops, and file handling.

EXPERIENCE

Flutter Intern | [designoweb technology] 6 month

- **Feature Development:** Contributed to the "Samuel" live project, focusing on end-to-end feature delivery in a production environment.
- **Authentication:** Implemented secure user authentication and profile management flows to ensure data integrity and privacy.
- **API Integration:** Integrated RESTful APIs for real-time data synchronization, enhancing application responsiveness.
- **Problem Solving:** Debugged and resolved critical issues within the live codebase to maintain high system uptime.

Project

- Samuel with API integration
- E-Commerce App with API integration
- News App with API integration
