Portfolio Link :: <https://portfolio-by-himani.netlify.app/>

Frontend Developer with 2+ years of experience building scalable web and mobile applications using React.js and React Native. Strong in responsive UI development, reusable components, and REST API integration within Agile teams.

SKILLS

Frontend: React.js, React Native, JavaScript (ES6+), HTML, CSS, TypeScript

UI Development: Responsive Design, Reusable Components, Mobile-First UI

Integration: REST API Integration, Asynchronous Data Handling

Tools: Git, GitHub, Agile / Scrum

Additional Knowledge: Java, Spring Boot, SQL, PostgreSQL, MongoDB, Hooks, Redux

WORK EXPERIENCE

Associate Developer - Evon Technologies

Jul 2023 - Aug 2025

Collaborated with team members to develop and implement new software features, resulting in a 20% increase in product functionality

Conducted thorough testing and debugging of code, leading to a 30% decrease in software errors

PROJECTS

Job Portal & Staffing Management Platform (Frontend – React Native)

Developed a job portal and staffing platform that allows job seekers to search, filter, and apply for jobs, while enabling recruiters to manage candidates efficiently

Built a resume bulk upload feature, **allowing recruiters to upload** multiple resumes at once, **automatically extract candidate data, and store it securely for future use.**

Implemented resume parsing and data management functionality, enabling recruiters to edit candidate details and skills dynamically based on hiring requirements.

Designed a custom resume formatting and download feature, allowing recruiters to export candidate profiles in a standardized company-defined format.

Created intuitive and responsive UI screens using **React Native**, ensuring smooth navigation and an optimized user experience across platforms.

Integrated frontend with backend APIs to handle authentication, resume processing, job listings, and candidate data workflows.

Focused on **component reusability, performance optimization, and clean UI architecture** to support scalability and long-term maintainability.

3D Demo App & Team Collaboration Tool (Frontend -React.js)

Developed a **team collaboration and communication tool** supporting real-time group and direct messaging.

Designed user-friendly interfaces to enhance **team interaction, communication efficiency, and productivity.**

Implemented frontend components with a focus on **clean UI, usability, and seamless user experience.**

Collaborated closely with team members to translate functional requirements into interactive frontend features.

EDUCATION

2020-2023 B.Tech | Computer Science

Uttarakhand Technical University, Dehradun

2017-2020 Diploma | Computer Science

Uttarakhand Board of Technical Education, Roorkee
