

## PROFESSIONAL SUMMARY

Results-driven UI/UX Designer with 3+ years of experience crafting intuitive web and mobile products across health, education, and e-commerce sectors. Proficient in Figma, Adobe XD, and design systems. Delivered a 25% improvement in task completion rates through data-driven redesign and increased design consistency by 40% via scalable design systems. Skilled in user research, interaction design, information architecture, wireframing, prototyping, usability testing, and cross-functional team collaboration. Passionate about accessibility (WCAG) and mobile-first, user-centric product thinking.

## EXPERIENCE

### UI/UX Designer

CyberWorx Technologies Pvt. Ltd. — Noida, India

January 2025 - November 2025

- Redesigned end-to-end onboarding flow for a healthcare app in Figma, improving task completion rate by 25% within two product sprints
- Built and maintained a scalable design system with 200+ reusable components, increasing cross-team design consistency by 40% and cutting handoff time
- Collaborated with product managers and developers in agile sprints to translate user research insights into actionable interaction design solutions.

### UI/UX Designer

EnR Consultancy Services Pvt. Ltd — Remote

August 2024 - January 2025

- Led strategic user experience redesign of the customer-facing portal, applying design thinking methodologies to reduce user friction
- Revamped the landing page and product catalog with updated design guidelines and a pre-built design system, improving visual consistency
- Enhanced user engagement by integrating micro-animations and motion design across key screens, reducing bounce rate
- Designed wireframes, prototypes, and visual designs for mobile and web-based products from concept to developer handoff

### UI/UX Designer

Acsius Technologies Pvt. Ltd — New Delhi

March 2024 - July 2024

- Conducted usability testing, competitor analysis, and heuristic evaluation to identify UX gaps; delivered a research report advocating design thinking across teams
- Developed user personas, user journey maps, and information architecture for websites redesigned per client specifications
- Created high-fidelity prototypes using Figma and Adobe XD; collaborated on a branded interactive exhibition experience at the Acsius Design Museum

### UI/UX Designer

Ftechdata LLP — Remote

December 2022 - December 2023

- Gathered user requirements and translated them into wireframes, user flows, and high-fidelity prototypes using Figma, Sketch, and Adobe XD.
- Worked on process design for web and mobile applications, enhancing usability and overall user journey through iterative design sprints

## SKILLS
