PROFESSIONAL SUMMARY

Results-driven Laravel Developer with 3+ years of hands-on experience designing, developing, and deploying scalable web applications. Proficient in full-stack PHP development using Laravel, Livewire, and React. Proven expertise in third-party API integrations including payment gateways (Razorpay, Cashfree, PhonePe, PayU) and logistics platforms (Shiprocket). Experienced in building e-commerce platforms, MLM systems, hotel & PG management portals, travel & tourism portals, and robust admin dashboards with clean, maintainable code.

WORK EXPERIENCE

Laravel Developer | **Eduse Marketing Pvt Ltd** • Faridabad

Jan 2023 – Present

- Lead developer overseeing end-to-end development of admin panel and e-commerce platform using Laravel, Livewire, Bootstrap, jQuery, and Ajax.
- Integrated Shiprocket API for complete order lifecycle management — order acceptance, dispatch, real-time tracking, returns, replacements, and balance checks.
- Implemented multi-gateway payment support: Razorpay, Cashfree, PhonePe, PayU, and Cash on Delivery (COD).
- Built real-time reactive admin panel with Laravel Livewire enabling dynamic UI updates without page reloads.
- Integrated Cashfree KYC APIs for Aadhaar, PAN, and bank account verification.
- Developed hotel & PG management module for property listings, booking, and availability management.
- Developed MLM module with referral-based registration, reward pool closings, and commission tracking.
- Developed Kazaan Lifestyle — a premium travel & resort booking platform with membership plans and resort management.
- Developed dungbasketboat.com — a multilingual tourism website (EN/VI) for Hoi An basket boat tours.
