

PRABHAT KUMAR

MERN Stack Developer

Delhi, prabhssgg3@gmail.com, +91 8750047618

[Portfolio](#) | [Github](#) | [LinkedIn](#)

SUMMARY

MERN Stack Developer with 1.5 years of experience building and mentoring full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing responsive frontend interfaces, RESTful APIs, authentication systems, and scalable backend solutions. Experienced in guiding students through real-world projects while actively building modern web applications. Currently focused on full-time software development opportunities.

TECHNICAL SKILLS

- **Front-End:** HTML5, CSS3 ,JavaScript,TypeScript, React.js, React Native, Tailwind CSS, Material UI
- **Back-End:** Node.js, Express.js, RESTful API, Socket.io, Nodemailer, JWT Authentication
- **Database:** MongoDB, Mongoose, Firebase (Auth,Firestore,Hosting)
- **Tools & Platforms:** Git, GitHub, Postman, VS Code, CI/CD Pipelines, Render, Vercel

SOFT SKILLS

Leadership Skills Problem Solving Team collaboration Time Management

WORK EXPERIENCE

Full Stack Developer | Mentor | React & Node.js

Aug 2024 - Dec 2025

Red & White Skills Education Pvt Ltd

- Mentored 100+ students in MERN stack development, covering React.js, Node.js, Express.js, and MongoDB.
- Guided students in building and deploying full-stack applications including authentication systems, CRUD platforms, and REST APIs.
- Built and demonstrated scalable web applications to explain frontend architecture, API integration, and state management concepts.
- Assisted students in debugging real-world issues related to React components, backend APIs, MongoDB queries, and deployment workflows.
- Collaborated with internal teams to improve project quality and technical learning outcomes.

MERN Stack Developer (Intern)

Quest Labs

Feb 2024 - Apr 2024

- Developed responsive frontend interfaces using React.js and integrated RESTful APIs built with Node.js and Express.js.
- Implemented reusable React components and optimized application performance using efficient state management and component rendering techniques.

PROJECT

Interview AI

- Developed an AI-powered interview preparation platform using the MERN stack with secure JWT authentication and protected user-specific dashboards.
- Integrated Google Gemini AI for resume analysis, interview question generation, skill gap detection, and personalized preparation recommendations.
- Built scalable RESTful APIs for resume upload, PDF parsing, AI report generation, and dynamic interview management using Express.js and MongoDB.

EDUCATION

Full Stack Web Development

Oct 2022 - Oct 2023

Masai School (Bangalore)

Bachelor of Arts

Jul 2018 - Jun 2021

Delhi University (Delhi)

CERTIFICATIONS

- Prompt Engineering (Masai School)
- Certificate Of Appreciation (Red & White Skills Education Pvt Ltd)
