📍 New Delhi, India | 📞 +91-7982981917 | ✉ mbhamotra@gmail.com | GitHub/Portfolio Link

Profile

Front-End Developer (React) pursuing MCA, eager to build scalable and interactive user interfaces. Skilled in React.js, JavaScript, HTML, CSS, and API integrations, with hands-on project experience translating designs into responsive, production-ready applications. Passionate about solving complex problems, learning emerging technologies, and contributing to impactful real-world projects.

Skills

- Languages: JavaScript, Python, C++, SQL, Java
- Web Technologies: React.js, Redux (familiar), HTML, CSS, MongoDB, Firebase, Supabase
- Tools: Git, VS Code
- Soft Skills: Team Collaboration, Communication, Adaptability

Projects

E-Document Portal (React, Supabase) | 2025 – MCA Project

- Built a secure portal for uploading and sharing academic documents using Storage Bucket
- Integrated REST APIs for document handling and user authentication.
- Designed responsive UI with reusable React components.

E-Commerce Website (HTML, CSS, JS, SQL, APIs, Payment Gateway) | 2024 – BCA Project

- Developed a platform with product catalog, cart, and payment integration.
- Focused on UI/UX for seamless shopping experience.

Mobile Management System (C++) | 2022 – BCA Project

- Created an inventory system with admin and user dashboards.
- Managed database using file handling in C++

Work Experience

IT Intern – DigiSamaksh | June-August 2025

- Gained hands-on experience in customizing and developing WordPress websites by working with themes, plugins, and responsive layouts

- Designed and maintained user-friendly interfaces using **HTML, CSS, and JavaScript**, improving site performance and responsiveness.
- Collaborated with the development team to implement SEO-friendly designs and improve overall user experience.

Web Developer Intern – Prodigy Infotech | May–June 2025

- Contributed to building and maintaining responsive websites using **HTML, CSS, JavaScript, and React.js**.
- Implemented **responsive layouts** and cross-browser compatibility for enhanced user experience.
- Gained hands-on experience with **Git version control** and collaborative workflows in real-world projects.

Data Analyst Intern – Edulyt | Jun–Aug 2023

- Worked on data cleaning, visualization, and analysis using Python (Pandas, Matplotlib).
- Developed insights that improved data accuracy and reporting.
