ABOUT ME

"I am Vikas Kumar, owner of Swami Real Estate as an associate company holder, now transitioning into technology as a Python Programmer. With IBM certifications and hands-on projects like a voice-activated Jarvis assistant and a Python-based Chess game, I bring entrepreneurial drive, problem-solving skills, and a passion for coding. I aim to gain industry experience, grow in data-driven roles, and contribute to impactful software solutions."

WORK EXPERIENCE

SQUADSTACK

2024-2024

Customer Service Representative (CSR)

- Identifying and recommending suitable products or services to meet customer needs
- Processing orders, accepting payments, and issuing refunds.

SWAMI REAL ESTATE

2024-PRESENT

Director

- Negotiate contracts and complex real estate transactions
- Provide excellent customer service to clients
- Research and monitor the local real estate market
- Develop marketing campaigns for properties

PYTHON PROGRAMMER

2024-PRESENT

Freelancer

I am Vikas Kumar, an aspiring Python programmer with IBM certifications in Python and Cybersecurity. Skilled in automation, data handling, and problem-solving, I am eager to contribute as a Python Programmer and grow into impactful data-driven roles.

PYTHON PROJECT'S

2024-PRESENT

Jarvis Voice Assistant (Python): Created a smart voice-controlled assistant using Python libraries (speech_recognition, pyttsx3, pygame). Automates tasks like opening websites, fetching news, playing music, and handling productivity commands. Demonstrates API integration, automation, and error-handled modular coding.

Chess Game (Python): Developed an interactive chess game with pygame, implementing full rules, move validation, and user interface design. Highlights object-oriented programming, logic building, and game development skills.
